		Customs tariff number:	82041100

- L-keys for recessed TORX® screws
- BlackLaser for high corrosion protection and long service life
- L-keys are quickly to hand thanks to their size markings
- Wear-resistant clip material ensures secure storage of the L-keys as well as simple removal
- TORX® ballpoint on the long arm

High quality L-key set for recessed TORX® screws. Partially with ballpoint: the ball-end on the long arm allows for reliable working even in difficult installation situations. The BlackLaser surface treatment provides outstanding surface protection, even against corrosion, and a long service life. The tools are quickly to hand thanks to the laser-engraved and thereby wear-resistant size markings on the L-keys. Come in a practical clip fastener out of wear-resistant material, enabling secure storage of the L-keys as well as simple removal.

TORX® ball tip

Size identification

Surface protection

Secure hold and easy removal

The spherical drive profile means that it is possible to swivel the axis of the tool to that of the screw, and therefore enable angled, "around-the-corner" screwdriving jobs.

The size of each L-keys has been engraved by a laser. In addition Take it easy L-keys have a colour coding according to sizes - for simple and rapid accessing of the required tool. Making it easy to find the right tool.

L-keys with BlackLaser surface treatment for outstanding surface protection and long service life. High corrosion protection.

Wear-resistant clip material ensures secure storage of the L-keys as well as simple removal
